Description

Product features:

- Pistol made of aluminum alloy with nickel plating
- Nickel plating prevents corrosion and increases the life of the pistol
- The contoured handle with a rubber grip ensures comfort and safety of work
- The valve and needle are made of stainless steel, which ensure precise, even foam application and longer device life
- Thanks to the special design, the gun does not require cleaning with a cleaner after each use - just perform self-cleaning

The principle of operation of the self-cleaning gun:

- After finishing work, set the valve on which the foam tube is screwed to the OFF position.
- Then press the trigger to empty the remaining foam.
- The next step is to fully tighten the knob that regulates the amount of foam dispensed.

Parameters

Code	D298-01
Secondary code	D298-01
Customs code	8205598000
EAN	5907078932354
Manufacturer	Eynovita Belgium NV
Weight	0,51 kg
Bulk packaging	20
